		40	12 mm Ø	14 mm		9	12 mm Ø	14 mm		

All detailed information about the StarFish Workstation can be found online at www.heidolph.com

This system does not require the purchase of new glass components. Work with existing round bottom flasks and other vials and combine them with the matching StarFish attachments. Place the StarFish base plate first on the hotplate!

The StarFish Workstation is ideal for Soxhlet applications.
